

Major Brake Inspector® Sales Marketing Agreement

For Immediate Release – September 9, 2008

Toronto, Ontario – Spectra Inc. (SSA: TSX Venture) As Chairman of the Board of Spectra Products Inc, the wholly owned subsidiary of Spectra Inc., Glen Campbell would like to announce the signing of a major North American sales marketing agreement with IntraLink Associates Ltd. (“IntraLink”) for the company’s Brake Inspector® line of products.

IntraLink is a Canadian engineering technical sales and marketing firm with 60 sales representatives and more than 25 years experience in the direct marketing and sales of engineered products, throughout Canada and the United States. Skilled in the implementation of sales strategies, structures and positioning of products and services, IntraLink will spearhead direct fleet contact for the introduction, trial and installation of Brake Inspector® brake monitoring systems on fleet vehicles. Through its well established, close association with fleets in the trucking and bus transportation markets, IntraLink will leverage its relationships to maximize sales opportunities for Spectra Products.

Under the terms of a two year agreement, IntraLink, through its representatives, agrees to provide sales, marketing and promotional services for the sale of Spectra Products’ Brake Inspector® directly to potential fleet customers throughout Canada and the United States on a non-exclusive basis.

Spectra Products expects to announce soon a similar arrangement with IntraLink for the marketing of Spectra’s Brake Safe® and Termin-8R® line of products as well.

“We are very pleased to have strategically aligned our sales efforts with an experienced firm that has a proven track record in pioneering new products in the transportation industry”, stated Glen Campbell. “The technical focus and expertise of IntraLink’s sales force is perfect for a product like Brake Inspector, and we are looking forward to significant sales in both Canada and the United States.”

Spectra Inc., through its wholly owned subsidiary, Spectra Products Inc., is the Toronto-based North American designer, manufacturer and distributor of Brake Safe®, the visual brake stroke indicating system, Brake Inspector®, the company’s electronic in-cab air brake diagnostic system and the Termin-8R® line of anti-corrosion and extreme pressure lubricants. These products are gaining increasing recognition and acceptance as demands for enhanced brake safety increase among regulatory authorities and the motoring public.

Except for the historical information contained herein, this news release contains forward looking statements that involve risks and uncertainties, including the impact of competitive products and pricing and general economic conditions as they affect the Company’s customers. Actual results and developments may therefore differ materially from those described in this release.
