

## **Appointment of new Vice-President, Sales**

For Immediate Release – September 25, 2007

Toronto, Ontario – Spectra Inc. (SSA: TSX Venture) As Chairman of the Board of Spectra Products Inc, the wholly owned subsidiary of Spectra Inc., Glen Campbell would like to announce the appointment of Ron Walkem to the position of Vice-President, Sales. In that role he will manage the sales program for the company.

In over thirty-two years of business in the heavy duty truck market in sales and marketing management positions, Ron has been involved in a variety of companies, successfully providing strategic direction to those entities. Most recently, for the last 18 years, he has successfully operated his own manufacturer's sales agency dealing with the heavy duty trucking industry within Canada.

The positive impact of this appointment is already being reflected in solid increases in the company's sales. With the new digital version of the company's Brake Inspector line due to come into production it was important that a strong sales plan be in place. It is expected that very positive sales of this new product will be realized in the company's final quarter of 2007.

Spectra Inc., through its wholly owned subsidiary, Spectra Products Inc., is the Toronto-based North American designer, manufacturer and distributor of Brake Safe<sup>®</sup>, the visual brake stroke indicating system and Brake Inspector<sup>®</sup>, the company's electronic in-cab air brake diagnostic system and the Termin-8R<sup>®</sup> line of anti-corrosion and extreme pressure lubricants. These products are gaining increasing recognition and acceptance as demands for enhanced brake safety increase among regulatory authorities and the motoring public.
